**Department of Transportation  
2013-2015 Biennial Budget Request  
STATUTORY MODIFICATIONS**

**DIN NUMBER:**

**TOPIC**                      Eliminate Completed Enumerated Major Projects

**DESCRIPTION OF CHANGE:**

The Department requests that the completed enumerated highway projects that have been open to traffic for several decades be removed from Wisconsin Statutes 84.013(3) and 84.013(3m).

**JUSTIFICATION**

Several enumerated highway projects have been completed and open to traffic for several decades. Completed major highway development projects have been reported to the Transportation Projects Commission and no longer serve a purpose in state statutes. These projects are closed financially in the DOT system and are no longer reported on to any committee. The elimination of these projects will "clean up" the section and only list projects that are currently in progress. The following projects should be eliminated from statutes:

84.013 (3) Highway Projects:

(ak) USH 151 extending approximately 18 miles between the junction of USH 151 and CTH "HH" south of Dickeyville to west of Belmont in Grant and Lafayette counties.

(dm) USH 51 between CTH "S" and USH 8, designated as the Tomahawk bypass 2nd roadway, in Lincoln County.

(kb) USH 151 extending approximately 18.2 miles between USH 151 west of Belmont and STH 23 south of Dodgeville, designated as the Belmont to Dodgeville project, in Lafayette and Iowa counties.

(pe) STH 17 extending approximately 3.25 miles from the intersection of STH 17 and Birchwood Drive to USH 8 approximately 0.16 miles east of Germond Road, designated as the Rhinelander relocation, in Oneida County.

(rg) STH 13 extending approximately 5.0 miles between USH 10 and Lincoln Avenue, designated as the Marshfield mobility study, in Wood and Marathon counties.

(rp) STH 57 extending approximately 10.5 miles between I 43 and STH 57 approximately 0.5 mile north of the southern Sheboygan County line, in Ozaukee and Sheboygan counties.

(te) STH 31 between STH 11 and STH 142 in Racine and Kenosha counties.

(tg) STH 35 between I 94 and CTH "U" in St. Croix County.

(tm) STH 50 between Slades Corners and USH 12 in Kenosha and Walworth counties.

(tp) STH 57 between STH 54 and CTH "A" in Brown and Kewaunee counties.

(tv) USH 141 between the USH 141/41 interchange near Abrams and approximately 1.0 mile north of STH 22 in Oconto County.

(tx) USH 41 between the USH 141/41 interchange near Abrams and STH 145 in Oconto, Brown, Outagamie, Winnebago, Fond du Lac, Dodge and Washington counties.

(wg) A state trunk highway in the city of Milwaukee extending from the southerly terminus of the Daniel Webster Hoan Memorial Bridge southerly approximately 3 miles on or adjacent to the Chicago and Northwestern railroad right-of-way to the intersection with East Layton Avenue, designated as the Lake Arterial project, in Milwaukee County.

(yd) STH 29 between Green Bay and I 94, in Brown, Shawano, Marathon, Clark, Chippewa and Dunn counties.

(3m)

(a) The department shall complete any major highway project involving STH 29 from Green Bay to Chippewa Falls in Brown, Shawano, Marathon, Clark and Chippewa counties by December 31, 2000.

(b) The department shall complete all of the following highway rehabilitation projects:

1. STH 20 beginning at Roosevelt Avenue and extending to West Boulevard in the city of Racine by December 31, 1998.

2. STH 20 beginning at Oakes Road and extending to Roosevelt Avenue in the town of Mount Pleasant by December 31,

1999.

3. STH 20 beginning at West Boulevard and extending to Marquette Street in the city of Racine by December 31, 2002.

Regarding 0155, is January 1, 2016 an adequate date? Or do you want to set a date that would allow the legislature to act on the report?

I think that's a good date for the TPC to deliver it's report. Can It specify that the TPC can make recommendations earlier than the end date?

Thanks,

Tyler

Tyler,

Regarding 0155, is January 1, 2016 an adequate date? Or do you want to set a date that would allow the legislature to act on the report?

DOA:.....Byrnes, BB0238 – Remove completed enumerated major highway projects

**FOR 2013-2015 BUDGET — NOT READY FOR INTRODUCTION**

1     **AN ACT ...; relating to:** the budget.

*Analysis by the Legislative Reference Bureau*

**TRANSPORTATION**

**HIGHWAYS**

Current law requires that any major highway project, unlike other construction projects undertaken by DOT, receive the approval of the Transportation Projects Commission (TPC) and the legislature before the project may be constructed.

This bill removes several completed major highway projects from the list of major highway projects approved for construction.

This bill also requires TPC to present to the legislature a recommendation specifying major highway projects that are appropriate for removal from the list of enumerated major highway projects.
